

As a manager you have an important role to play in safeguarding HSC resources. This includes having measures in place to prevent and detect fraud, being aware of fraud risks and knowing the actions to take where fraud is suspected.

Do be responsive to staff concerns

Your organisation needs to encourage staff to voice any reasonably held suspicion as part of developing an anti-fraud culture. As a manager you should treat all staff concerns seriously and sensitively.

Do act in accordance with policy

Your organisation's Fraud Response Plan sets out the process that you should follow where fraud is suspected.

Do note details

Note all relevant details. Refer to the checklist opposite for recommended actions.

Do evaluate the allegation objectively

Before you take the matter further, you need to determine whether any suspicions appear to be justified. Be objective when evaluating the issue. Consider the facts based on the information you have available.

Do report the matter to your FLO

Report the matter to your Fraud Liaison Officer (FLO) at the earliest stage.

Do deal with the matter promptly

Any delay may cause the organisation to suffer further financial or other loss.

Useful Documents

The following policy documents are available within your organisation for guidance in fraud related matters.

- ◆ *Fraud Policy*
- ◆ *Fraud Response Plan*
- ◆ *Anti-Bribery Policy*
- ◆ *Whistle Blowing Policy*

Checklist

Initial action checklist when a suspicion of fraud is raised:

1. Document date, time and details of initial report/discovery.
2. Take notes of all observations and actions (if something is worth taking a mental note, it is worth a written note).
3. Maintain confidentiality (only inform those people who need to know about the suspected act). Unwarranted disclosure can seriously damage potential successful investigations.
4. Write out in full the suspected act or wrongdoing including:
 - What is alleged to have occurred; Who is alleged to have committed the act; Is the activity continuing; Where did it occur; What is the value of the loss or potential loss; Who knows of the activity.
5. Report the matter to your Fraud Liaison Officer (contact details are in your organisation's Fraud Response Plan).
6. Identify all documentary and other evidence connected to the activity and protect it from loss, damage or contamination.
7. Identify any potential witnesses.
8. Where appropriate, secure and/or remove suspect's access to relevant computers/systems.

If you are unsure how to progress any enquiry you can obtain advice and guidance from your organisation's Fraud Liaison Officer or Director of Finance.
